Just repeat this line, pretty easy.

At the beginning of each verse strum an open A.

A
Did it all for you to say
Bm D
You never wanted me that way
A
Now the dogs have had their meat
Bm D
I think I'll go plug in the mains

Bm E*
I tumble like a clown
A F#m*
Before your baying hounds
Bm E*
I supplicate myself
C D
Into your hands

A
When you spare a make-up smile
Bm D
I'm instantly your biggest fan
A
How was I to know that you (How was I to know?)

Bm *D*
You practiced it beforehand?

Bm *E**
I tumble like a clown
A *F#m**
Before your baying hounds
Bm *E**
I supplicate myself
 C *D*
Into your hands

The bass line continues as he kinda laughs for the rest of the song.
